  - (c) providing a secure online collaboration facility to the activities of the Association's organisational bodies and development of the Terminology Products.
- 5.7.5 In the event that any Member reasonably determines that work performed by or for the Association, or any material product or service provided by the Association to the Members (including, without limitation, any International Releases), is defective or deficient in a material respect (collectively, a "**Work Defect**"), such Member may deliver a written notice to the Association (a "**Defect Notice**") informing it of such determination by such Member and the basis thereof.
- 5.7.6 As promptly as reasonably practicable of its receipt of a Defect Notice, and in any event within 60 days of such receipt, the Association will (i) notify the Member delivering the Defect Notice that the Work Defect has been remedied, or is in the process of being remedied, and provide an explanation of the steps that have been or are being taken in this regard, or (ii) notify such Member either that the Association has determined (x) that the work, product or service that was the subject of the Defect Notice is not defective or deficient in a material respect or (y) that it is not reasonably practical, or not appropriate or consistent with the interests of the Association, to remedy the defect or deficiency cited in the Defect Notice, and in either case provide an explanation of such determination.

- 5.7.7 If the Association fails to deliver any notice as required by article 5.7.6, or if the Member receiving such notice disagrees with the position taken by the Association in any such notice, the Member may (but is not required to) deliver a written demand to the Association (a “**Defect Demand**”) that steps or actions specified by the Member in its Defect Demand be taken by the Association (which may directly relate to remedying the relevant defect or deficiency or may involve changes in the policies, management or personnel of the Association) and that a General Assembly be convened to adopt a resolution requiring that such steps or actions are taken. If a Defect Demand is so received, an Extraordinary Meeting for such purpose shall be convened as promptly as practical, in accordance with the notice and other requirements contained in article 8.
- 5.7.8 All members of the Management Board shall, at a minimum and without limiting the roles or powers of the Management Board in any respect, receive copies of any Defect Notice, any notice by the Association in response to any Defect Notice, any Defect Demand, and any related written communications between the Association and a Member who has delivered a Defect Notice.
- 5.7.9 In the event that the Association fails in a material respect to take actions required to be taken by it pursuant to article 5.7.5 in response to the valid delivery of a Defect Notice or Defect Demand from a Member, and does not correct such failure within 30 days following notice thereof from such Member, then such Member may within 60 days thereafter resign from the Association in accordance with article 4.4.4 and require that such resignation be treated as a resignation “for cause”. A former Member whose resignation is treated as a resignation “for cause” pursuant to the foregoing shall have the same rights and obligations as any other former Member who has resigned in accordance with article 4.4.4, provided that for purposes of paragraphs 6.1.2 and 6.2 of Schedule 3 such former Member shall be deemed to have not ceased to be a Member until the earlier of (a) the first anniversary of its resignation “for cause”, and (b) the date (if any) on which paragraph 6.3 applies.
- 5.8 **Accounts**
- 5.8.1 The financial year of the Association shall be the calendar year commencing from 1 January and ending on 31 December.
- 5.8.2 The accounts of the Association shall be maintained and prepared in accordance with the prevailing legislation of the Companies Act.
- 5.8.3 The Association shall furnish its Members with internal quarterly accounts in respect of the Association, in a form reasonably consistent with statutory forms required, within 45 days of the end of each quarter.
- 5.8.4 The Association shall produce annual accounts (annual report) with respect to the Association, in the form required by applicable law, within five months (or such period as may be required by applicable law from time to time) of the end of each financial year. The annual accounts shall be audited by an international accounting firm together with one or more other accountants appointed by the Management Board which appointment will be subject to ratification by the General Assembly.

- 5.8.5 The audited annual accounts and the internal quarterly accounts shall be presented at the meeting of the Management Board which follows their completion, for consideration and approval by the Management Board.
- 5.8.6 Following approval by the Management Board, the internal quarterly accounts will be sent out to Members in accordance with article 5.8.3. The Association will furnish its Members with a copy of the audited annual accounts within 60 days from completion of the audit, in accordance with article 5.8.4.
- 5.8.7 Any accounts or auditor's report required or permitted to be sent by the Association to any person pursuant to any statute shall be treated as sent to such person if:
- (a) sent by electronic communication to an address for the time being notified to the Association by that person for that purpose; or
  - (b) published on a website, provided that the following conditions are met:
    - i. the Association and that person have agreed that such documents may be accessed by her on a website (instead of their being sent by post or otherwise delivered to her); and

      - A. the publication of the documents on a website;
      - B. the address of that website;

## 6. **Affiliates**

One of the principal means by which the Association shall promote its Objects is to license the Terminology Products to persons having any need or interest, consistent with the Objects, in utilizing the Terminology Products, and to support and facilitate the use of the Terminology Products by such persons. The Association may provide in any such license that the licensee shall be an affiliate of the Association (an "**Affiliate**"), and any licensee so identified shall be an Affiliate for as long as its license remains in effect.

## 7. **Fees**

### 7.1 **Annual Fees**

- 7.1.1 The Management Board will, as soon as reasonably practicable after 20 September but in any event no later than 5 Business Days before the Ordinary Meeting in October each year, present in writing to each Member with respect to the next financial year of the Association:

- (a) a draft of the Association's strategic, business and operational plans for such next financial year;
- (b) a statement of the total amount of funding required for such next financial year;
- (c) a statement of the aggregate amount of the Annual Fees of all Members (before applying any Fee Offsets) for such next financial year (the "**Aggregate Annual Fee**"), as proposed by the Management Board, together with the method and calculations supporting such proposed fees and a schedule of the Annual Fee payable by each Member if the Aggregate Annual Fee is approved by the General Assembly and the extent to which the cash amount payable by any such Member in respect of its Annual Fee will be reduced due to a Fee Offset requested by such Member and accepted by the Management Board; and
- (d) information regarding any Special Fees being proposed by the Management Board or then expected to be proposed by the Management Board during such next financial year.

7.1.2 The Aggregate Annual Fee for such next financial year, as proposed by the Management Board, will be established by taking into account projected license fees and revenues from Affiliates (those with direct licenses from the Association), and Fees from new Members who have joined the Association during the current financial year, any anticipated Special Fees, the reduction in the cash amount to be received in respect to Annual Fees due to Fee Offsets, and any anticipated retained surplus at the end of the current financial year, with a view to assuring a level of financial resources necessary or appropriate to cover the following:

- (a) the normal business activities of the Association to be undertaken in furtherance of the Purpose, Objects and Principles of the Association for the coming financial year,
- (b) such special projects as the Management Board considers appropriate to support the future development of the Association, its Intellectual Property and its other assets;
- (c) such other projects or activities as are identified in the Association's strategic, business and operational plans for the coming financial year;
- (d) fixed or known liabilities of the Associations; and
- (e) reasonable reserves for contingencies, liabilities and uncertainties that cannot be precisely budgeted for in advance.

The Aggregate Annual Fee shall be comprised of the aggregate cash amounts paid or payable by Members in respect of their Annual Fees, plus any amounts not payable or paid in cash due to the application of Fee Offsets. The Aggregate Annual Fee shall be allocated among the Members pursuant to a Fair Share Allocation (as specified in Schedule 2 to these Articles). The amount allocated to each Member will be such Member's Annual Fee.

- 7.1.3 At the October Ordinary Meeting, the Members shall, in accordance with article 8 of these Articles and subject to articles 7.3.2 and 7.3.3 of these Articles, consider and vote upon a resolution approving the items listed in articles 7.1.1(a) and (c) of these Articles.
- 7.1.4 The Annual Fees of Members will correspond to, and be for, the financial year of the Association to which they relate. Except as provided in article 4.2.2(c), each Member's Annual Fee in respect of a financial year will be due and payable in full in US Dollars by 15 February of the financial year to which they relate unless alternative terms have been agreed.
- 7.1.5 If any part of the Annual Fee payable by a Member remains unpaid after the due date stated on the invoice, the Member will be in default and interest shall accrue on the fee amount at the rate of 500 basis points above the base rate as specified by the Bank of England, calculated daily from the date on which payment was initially due and compounding at the end of each calendar month.
- 7.1.6 If any part of a Member's Fees (including accrued interest thereon) remains unpaid three months after the due date stated on the invoice, the Management Board may, at its sole discretion, advise the Member, by way of registered mail, and at any time thereafter suspend access to SNOMED CT and its associated products and services and/or commence action under article 4.4.3 of these Articles to have the Member's membership cancelled.
- 7.2 Joining Fees and Initial Annual Fees**
- 7.2.1 Subject to article 7.2.4, upon first becoming a Member a Joining Fee shall become payable, in accordance with article 4.2.2(c), by such Member in an amount equal to the full Annual Fee of such Member in respect of the financial year during which such Member becomes a Member, assuming for such purposes that such Member had been Member for the entire financial year.
- 7.2.2 The Joining Fee shall be in addition to a Member's Annual Fee, and payment thereof in no way absolves the new Member from its obligation to pay the Annual Fee for the financial year in which it becomes a Member.
- 7.2.3 A Member's first Annual Fee will be pro-rated on a monthly basis if commencement of membership occurs after the first three months of the relevant financial year.
- 7.2.4 The payment of an initial Annual Fee by a new Member in respect of the financial year during which it becomes a Member shall not entitle the other Members to a reduction or refund of any part of the Annual Fees paid or payable by them in respect of such financial year, to the extent that the Aggregate Annual Fee in respect of such financial year has already been allocated among such other Members to determine the amounts of their respective Annual Fees.

7.3 **Approval of Annual Fee**

7.3.1 The Aggregate Annual Fee in respect of each financial year shall be proposed by the Management Board to the General Assembly, and any resolution to amend the Aggregate Annual Fee during or in respect of a financial year may only be presented to the General Assembly by the Management Board.

7.3.2 Should any proposed Aggregate Annual Fee be 103% or less than the then Baseline Aggregate Annual Fee, then the resolution at the General Assembly to approve such Aggregate Annual Fee shall require approval by a simple majority of votes cast by Nominated Representatives of Members voting on the matter. The “**Baseline Aggregate Annual Fee**” is the current Aggregate Annual Fee plus the total of the Annual Fees paid or payable in the current year by new Members that have joined or will join the Association during the current year. In this calculation, the Annual Fees of these new Members shall not be reduced according to article 7.2.3.

7.3.3 Should any proposed Aggregate Annual Fee be more than 103% of the current Baseline Aggregate Annual Fee, then the resolution at the General Assembly to approve such Aggregate Annual Fee shall require approval by a two-thirds majority of the votes cast by Nominated Representatives of Members voting on the matter.

7.3.4 In the event that the resolution at the General Assembly to approve the Aggregate Annual Fee for the next financial year is not approved by the necessary votes, the Aggregate Annual fee for such next financial year shall be deemed to be equal to the then Baseline Aggregate Annual Fee, pending passage of a resolution setting such Aggregate Annual Fee at any different amount.

7.4 **Special Fees**

7.4.1 The Management Board may at any time, or from time to time, propose that additional non-recurring fees be required to be paid by the Members to the Association, for the purpose of funding capital expenditures by the Association, funding the prosecution, defence or settlement of legal claims involving the Association or any of its Intellectual Property, or funding any other costs or expenditures that are non-recurring in nature or otherwise could not, in the view of the Management Board, be appropriately and/or adequately funded through Annual Fees or the Association’s other sources of revenue. Any fee of the type described in this article 7.4.1 paid or payable by a Member is referred to as a “**Special Fee**”, and the aggregate amount of such fees paid or payable by all Members in any one instance (including amounts not paid in cash due for the application of Fee Offsets) is referred to as an “**Aggregate Special Fee**”.

7.4.2 Any proposal of the Management Board for a Special Fee shall be presented to the Members for their approval at an Ordinary or Extraordinary Meeting. Such proposal (a “**Special Fee Proposal**”) shall be accompanied by (i) a description of the plans, events or developments giving rise to such proposal; (ii) a statement as to the amount of the Aggregate Special Fee and how this amount was determined; (iii) a schedule of the Special Fees proposed to be payable by each Member (including, if applicable, the extent to which the cash amount payable by any Members may be reduced due the application of Fee

Offsets in accordance with article 7.5); and (iv) the timing of, and any other terms, conditions or contingencies relating to, such Special Fee, including whether it will be payable in a single sum or in instalments over time or based upon the satisfaction of certain conditions. A Special Fee will only become payable if the resolution approving the Special Fee Proposal is approved by a Super Majority.

7.4.3 With respect to any Special Fees, the Aggregate Special Fee shall be allocated among the Members pursuant to a Fair Share Allocation (in accordance with Schedule 2 to these Articles).

7.4.4 A Special Fee that has been duly approved as required will be due and payable as and in the manner specified in the Special Fee Proposal, provided that no Special Fee or portion thereof shall become due and payable earlier than 60 days following the distribution or disclosure of the Special Fee Proposal (and the related information required by article 7.4.2) to the Members.

## 7.5 **Fee Offsets**

7.5.1 Any Member may, with respect to any Annual Fee or Special Fee to become payable by it, submit a request to the Management Board that the amount of such Fee payable by such Member be reduced (a “**Fee Offset**”) by an amount up to, but not exceeding, such Member’s Fee Offset Balance, as defined in article 7.5.2, at such time. The Management Board may in its discretion accept or reject any such request, in whole or in part, and/or to a differing extent as among requesting Members; provided, however, that if multiple Members request Fee Offsets with respect to any specific Fee and any such request is to be accepted, the allocation among those Members of the value of the accepted Fee Offsets shall be determined in accordance with paragraph 2 of Schedule 2.

7.5.2 The “**Fee Offset Balance**” of a Member at any particular time means the aggregate of the cash amounts previously paid by such Member to the Association as its Set-up Payment or as Special Fees, less the aggregate amount by which the cash amounts paid or payable by such member were previously reduced pursuant to the acceptance of requests by it for a Fee Offsets.

7.5.3 Any proposal by the Management Board to the General Assembly for the approval of the Annual Fees or any Special Fee will specify, in the information provided to the Members in connection with their consideration of such proposal, whether and to what extent cash amounts otherwise payable by any Members will be reduced due to the acceptance of requests for Fee Offsets. The acceptance or rejection of any request for a Fee Offset will not be subject to separate approval by the General Assembly.

## 7.6 **Member Contracts**

7.6.1 The Association may, in exceptional circumstances and only to the extent necessary due to mandatory law of a Member’s country or regulations of a Member’s country, enter into a separate contract, arrangement or instrument with that Member (a “**Member Contract**”) which governs (i) the rights and obligations of that Member to obtain, use and distribute Terminology Products in collaborative promotion of the Objects; and/or (ii) that Member’s

remedies in respect of Work Defects (as those remedies and Work Defects are defined in article 5.7.6); and/or (iii) the fees to be paid by the Member to the Association in respect of the Terminology Products.

- 7.6.2 A Member Contract may relieve the Member from any or all of its payment obligations under articles 7.1 to 7.5, as and to the extent provided in such Member Contract.
- 7.6.3 Except as set out in articles 7.6.1 and 7.6.2, a Member Contract may not make provision in respect of any matters that are covered by these Articles. As between the Association and a Member with whom the Association has entered into a Member Contract in accordance with this article 7.6, these Articles shall continue to apply in respect of all matters that are not covered by the Member Contract.
- 7.6.4 A Member Contract may be governed by laws other than English law, but may not in any respect provide for rights or obligations inconsistent with or beyond, in any substantive respect, the rights and obligations of a Member as stated in these Articles, and may not give rise to any liability of the Association greater than as stated in these Articles.
- 7.6.5 The Management Board shall appropriately take into account any amounts paid or payable under any Member Contract in determining the amounts and/or allocations of any Fees, other payments or Fee Offsets contemplated by this article 7, with a view towards assuring that, and the provisions of this article 7 shall be applied and interpreted such that, from the point of view of the Association and all Members other than the Member who is a party to such Member Contract, all such amounts and allocations are substantially the same as they would have been in the absence of any Member Contracts.

## 8. **General Assembly**

### 8.1 **Function and Purpose**

- 8.1.1 To assist the General Assembly in taking effective decisions, the General Assembly may:
- (a) elect an Internal Auditor from amongst the Members. General Assemblies will serve as an opportunity for the Members to discuss and debate fully any aspect of the business and affairs of the Association.
- 8.1.3 The attendance by a Member at a General Assembly shall be through the attendance of its Nominated Representative. Each Member will provide written notice to the Management Board as to the identity of its Nominated Representative.

- 8.1.5 All General Assemblies shall be presided over by a Chair who will be elected by the Nominated Representatives of the Members. A Chair may be elected to preside over a single General Assembly (an “**Ad Hoc Chair**”) or to preside over all General Assemblies within a defined period of one or more years (an “**Elected Chair**”). The General Assembly Governance Manual describes the election process.
- 8.1.6 The Chair shall not be entitled to vote at General Assemblies unless the Chair is also the Nominated Representative of a Member, in which case she shall be entitled to vote only in her capacity as a Nominated Representative and shall have one vote only.
- 8.2 **Meetings**
- 8.2.1 All General Assemblies will be held at such location as stated in the notice convening the General Assembly, subject to article 5.7.3 and, subject to article 8.2.7, will be convened by the Management Board.

All Members must be informed of the intention of convening a General Assembly with less than 6 weeks’ notice.
- 8.2.4 The quorum for a General Assembly will be achieved when more than 50% of all Nominated Representatives of Members are present in the General Assembly, whether in person, by proxy or in the manner permitted by article 5.7.3.

- 8.2.5 The proceedings of all General Assemblies shall be recorded in the form of minutes.
- (a) Electronic draft copies of these minutes will be prepared by or at the direction of the Chair and sent to Nominated Representatives within 14 days of the close of the meeting.
  - (b) Nominated Representatives may submit any comments on the minutes within 14 days of receipt.

  - (d) The signed final minutes shall be made available to the public by posting them on the Association's website. The signed final copy of the minutes shall also be made available for inspection at the Association's place of business.
  - (e) Under special circumstances, the General Assembly may authorize a departure from the procedure prescribed in (a)-(d).

- 8.2.7 The Members will hold Extraordinary Meetings at the request of:
- (a) the Management Board; or
  - (b) the External Financial Auditor where the External Financial Auditor has given a statement of the circumstances connected with his resignation for the purposes of receiving and considering an explanation of those circumstances; or
  - (c) at least 5% of the Members (and for these purposes, "Members" refers to all Members, irrespective of whether any such Member has appointed a Nominated Representative).
- 8.2.8 Every Member is entitled through its Nominated Representative to:
- (a) have specific business or matters referred for discussion by or decision at a General Assembly;
  - (b) attend General Assemblies; and

- 8.2.9 Each Member shall have one vote on each item presented at a General Assembly.
- 8.2.10 Each Member should choose its Nominated Representative from among persons most qualified by their leadership skills, knowledge and experience of health informatics, and understanding of their country's health system to fully represent the Member's interests at

the General Assemblies. The Nominated Representative may not be a current member of the Management Board. A Member's Nominated Representative may be changed or replaced by the Member at any time, by written notice to the Management Board, without any requirement for advanced notice.

- 8.2.11 Members' Nominated Representatives are also entitled to attend General Assemblies by proxy. The proxy, who cannot be a current member of the Management Board, must present a power of attorney document from the Nominated Representative (in form and substance reasonably acceptable to the Chair of the General Assembly) before or at the General Assembly. All proxies must by their terms be freely revocable by the granting Member, and will be deemed revoked if the Member's Nominated Representative attends and votes at the General Assembly or at any adjournment of the General Assembly.
- 8.2.12 Each Nominated Representative will be entitled to be accompanied by a single adviser at General Assemblies, or multiple advisers if permitted by the Chair.
- 8.2.13 General Assemblies will be open to the public, except for those parts of a meeting in which matters are deliberated that are reasonably considered by the Management Board or a General Assembly to involve issues or information that:
- (a) the public discussion or disclosure of which is or may be contrary to the interests of the Association; or
  - (b) relate to an individual or a specific Member who could be identified by members of the public.
- 8.2.14 The Management Board will ensure that General Assemblies (other than meetings which will be closed to the public in their entirety pursuant to article 8.2.13) are announced on the Association's website no later than when they have been convened in accordance with article 8.2.2 and 8.2.3.
- 8.2.15 Prior to any General Assembly, each Nominated Representative shall fully and fairly disclose to the Chair or to the General Assembly any material conflict of interest the Member or the Nominated Representative has with respect to any matter being discussed or voted at such General Assembly (above and beyond the interest the Member will have as a Member of the Association in common with all other Members). The further disclosure of such information to the General Assembly shall be within the discretion of the Chair.
- 8.2.16 The Association's Conflict of Interest Policy may prohibit a Member's Nominated Representative from voting on a matter as to which such Member or Nominated Representative has a conflict of interest of the type described in article 8.2.15.
- 8.2.17 The Ordinary Meeting taking place in October will consider and vote on resolutions concerning:

  - (e) any other business referred to the General Assembly by any Member for consideration in the Ordinary Meeting.
- 8.2.19 At the request of any Nominated Representative, and provided the Management Board considers it may do so without any significant detriment to the Association, the Management Board will disclose to the General Assembly prior to or at any General Assembly, any information:
- (a) concerning the annual accounts or the financial position of the Association;
  - (b) the status or progress of any legal issues or proceedings relevant to the Association or its Intellectual Property; and
  - (c) that is or may be relevant to any resolution on which a vote is to be taken at that General Assembly.
- 8.2.20 If information requested in article 8.2.19 of these Articles is not disclosed due to it not being available at the time of such General Assembly, such information will be sent to the Nominated Representatives as soon as it becomes available. Unless such information is of the type referred to in article 8.2.13 of these Articles, such information will be posted on the Association's website at the same time as it is sent to the Nominated Representatives.
- 8.2.21 Relevant materials relating to matters to be addressed at any General Assembly will be provided to Nominated Representatives, or if a Member has not nominated a representative, to the Member's Contact Person, as far in advance of such meeting as is reasonably practicable.

8.2.22 All material and information relating to any General Assembly that is made available for public inspection will be provided both at the Association's place of business and on the Association's website.

### 8.3 **General Assembly electronic voting**

8.3.1 Any matter that may be made the subject of a vote at a General Assembly may be decided by the Members' Nominated Representatives by electronic voting outside of a General Assembly.

8.3.2 The decision to use electronic voting outside of a General Assembly will be made by the Chair of the Management Board, after an electronic consultation with the Nominated Representatives in accordance with Regulation described in article 8.3.3.

8.3.3 The Management Board shall by Regulation, in accordance with article 11, prescribe how an electronic voting procedure shall be carried out. Such Regulation shall ensure that the outcome of the electronic voting is reliable and that only persons allowed to vote have access to voting. The Nominated Representatives shall by such Regulation be given not less than three weeks' notice to give their electronic vote unless special circumstances make a shorter notice necessary in which case the prior consent of two thirds of the Nominated Representatives to such shorter notice shall be required.

8.3.4 A matter decided by electronic voting will be subject to the same requirements for background information and rationale, and public posting of results that would apply if the same matter were discussed and voted on in a General Assembly.

8.3.5 The total number of votes cast in electronic voting must equal or exceed the number of Nominated Representatives required to establish quorum at a General Assembly. The

number of votes required to approve a matter subject to electronic voting is the same as would apply if the same matter were discussed and voted on at a General Assembly.

8.3.6 The Management Board may by Regulation decide that a Nominated Representative may vote electronically in matters which will be decided at an Ordinary Meeting or Extraordinary Meeting as an alternative to such Nominated Representative voting at the Meeting.

### 9. **Association Management**

#### 9.1 **The Management Board**

9.1.1 The Management Board has overall responsibility for the management and direction of the Association. The Management Board, and each Director individually, has a duty to act in a manner which it or such Director reasonably believes is in the best interests of the Association and is consistent with the pursuit and protection of the Objects and Principles of the Association.

9.1.2 As detailed in the Association's Conflicts of Interest Policy:

- (a) Directors have a duty of impartiality.
- (b) Every Director will fully and fairly disclose to the Management Board any actual or potential conflict of interest that such Director has, whether held directly or indirectly, in relation to any matter being addressed by the Management Board.
