LICENSED AND FEES

**Membership**
- **Scope**: enables all entities within a licensed country or territory (e.g. public, private and not-for-profit) to access, implement and use SNOMED CT
- **Fees**: joining fee plus annual Membership fees based on the country/territory's World Bank Gross National Income

**Affiliate and Global Licenses**
- **Scope**: for entities wishing to access, implement and use SNOMED CT outside of membership
- **Fee**: varies based on license (fee exemptions may apply in certain situations)

GLOBAL PATIENT SET

- A managed collection of existing SNOMED CT reference sets released by SNOMED International.
- Comprised of unique identifiers, fully specified names (FSN), preferred terms in international English, and active/inactive status flags.
- Excludes SNOMED CT's inherent relationships and hierarchies.
- Produced by SNOMED International and licensed under the Creative Commons Attribution 4.0 International License.
- Available to users at no cost.
